

Electric Start Diesel Generator 1500rpm 1800rpm 20-1000kW

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Frequency: 50Hz/60Hz
- Power: 20-1000kW
- Phase: 3 Phase
- Speed: 1500rpm/1800rpm
- Starting System: Electric Start
- Warranty: 1 Year
- Voltage: 400V/230V
- Highlight: **1800rpm Diesel Generator ,
Diesel Generator 1500rpm,
1000kW gas electric generator**

Product Description

Product Description:

Diesel Generator

The Diesel Generator is a highly efficient power generating machine with a wide range of power output from 20kW to 1000kW. This generator offers reliable power supply with voltage options at 400V and 230V. It is equipped with 's advanced controller to ensure an easy operation and a high efficiency. With its outstanding performance and superior quality, the Diesel Generator can meet the needs for any commercial and industrial applications.

The Diesel Generator is the perfect solution for any project that requires a reliable source of power. It is designed to provide a safe, reliable and efficient power supply even in the harshest environment. With its superior performance and advanced features, the Diesel Generator is the best choice for any power generation needs.

The Diesel Generator is the perfect solution for any business or organization that needs a reliable power source. With its advanced controller, high efficiency and superior quality, the Diesel Generator is the perfect choice for any commercial and industrial applications. The Diesel Generator is the ideal choice for anyone looking for a reliable and efficient power source. With its wide range of power output, advanced controller and superior quality, the Diesel Generator is the perfect solution for any power generation needs.

Features:

Product Name: **Diesel Generator**

Warranty: **1 Year**

Phase: **3 Phase**

Voltage: **400V/230V**

Fuel: **Diesel**

Equipment: **Diesel Generating Equipment**

Machine: **Diesel Generating Machine**

Technical Parameters:

Attribute	Technical Parameter
Product Name	Diesel Generator
Warranty	1 Year
Noise Level	Low
Power	20-1000kW
Voltage	400V/230V
Controller	
Speed	1500rpm/1800rpm
Frequency	50Hz/60Hz
Fuel	Diesel
Starting System	Electric Start

Applications:

Diesel Generating Equipment is the perfect choice for those who need reliable, high-performance, and low-noise power supply. It is made with the highest quality components and is certified with ISO9001. This generator is equipped with a controller and powered by diesel fuel, making it a trusted and reliable source of energy. It runs at either 1500rpm or 1800rpm and can generate power at a frequency of 50Hz or 60Hz. It features a low noise level, making it ideal for both residential and commercial applications. With a minimum order quantity of 1 and a delivery time of 10-15 days, you can be sure that Diesel Generating Equipment will be ready to use in no time. The price is negotiable and the package is available in a wooden case. Payment options include L/C, D/A, D/P, T/T, Western Union, MoneyGram. Diesel Generating Equipment has a supply ability of 1000 pieces per week.

Customization:

Diesel Generator

Brand Name:

Supply Ability: 1000 pieces per week
Warranty: 1 Year
Voltage: 400V/230V
Efficiency: High
Power: 20-1000kW
Phase: 3 Phase
Diesel Generating Equipment

We provide diesel generating equipment with the highest quality, including diesel generator sets, diesel generator price and diesel generator supplier. Our diesel generators are designed for high performance and efficiency, and we are committed to providing reliable and cost-effective solutions to customers.

Support and Services:

Diesel Generator Technical Support and Service

Diesel Generator provides full technical support and service to ensure our customer satisfaction. Our services include:

24/7 Technical Support

On-site Maintenance and Repair

Troubleshooting and Diagnostics

Expert Advice and Guidance

Regular Maintenance and Inspections

Parts Replacement and Upgrades

For more information about our technical support and service, please contact us.

Packing and Shipping:

Packaging and Shipping

Diesel Generator is shipped in sturdy cardboard boxes with appropriate cushioning material inside to protect the generator from any damage during transit.

The boxes are then placed into wooden pallets to ensure safe transportation.

The pallets are securely strapped to ensure they do not shift during shipment.

FAQ:

Q: What is the brand name of the Diesel Generator?

A: The brand name of the Diesel Generator is .

Q: Where is the Diesel Generator manufactured?

A: The Diesel Generator is manufactured in China.

Q: Does the Diesel Generator have ISO9001 certification?

A: Yes, the Diesel Generator has ISO9001 certification.

Q: What is the minimum order quantity for the Diesel Generator?

A: The minimum order quantity for the Diesel Generator is 1.

Q: How much does the Diesel Generator cost?

A: The cost of the Diesel Generator is negotiable.
