Product Description

Product Description:

Wp13D317e300ng Weichai Engine 220kw Natural Gas Power Generator

Natural Gas Generator

Cummins natural gas generators are reliable, cost-effective and efficient solutions for industrial applications. The generators are powered by Cummins industrial natural gas engines and are available in power output ratings ranging from 300kW to 1000kW. Featuring a control system that is fully automatic and a thermal efficiency of about 45%, these generators have a LHV of $\geq 15\text{MJ/m}^3$ (400BTU/ft³). They are highly reliable and come with a warranty of 1 year. If you are looking for a reliable and efficient natural gas generator, choose from Cummins 400kW, 700kW and 1000kW gas generators.
