

Baudouin Engine 550kw Cummins Gas Generator 12m26D660e301ng

Our Product Introduction

For more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Baudouin
- Certification: ISO9001, ISO14001, CE
- Model Number: 12m26D660e301ng
- Minimum Order Quantity: 1 Set
- Price: 97,606 USD
- Packaging Details: Please consult customer service.
- Delivery Time: About 30-50 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 Set/Month

Product Specification

- Fuel Type: Natural Gas/Biogas
- Cooling System: Air/Water Cooled
- Warranty: 1 Year
- Thermal Efficiency: About 45%
- Cooling System: 2 Pump 2 Loop
- Nox Emission: 500mg NOx
- LHV: $\geq 15\text{MJ/m}^3 (400\text{BTU/ft}^3)$
- Control System: Automatic
- Highlight: **550kw Cummins Gas Generator,
Baudouin Engine Cummins Gas Generator**

Product Description

Product Description:

12m26D660e301ng Baudouin Engine 550kw Natural Gas Power Generator

Cummins Gas Generator is a reliable, efficient and cost-effective generator that can be used in a variety of applications. It is a high-performance natural gas generator set with a LHV of $\geq 15\text{MJ/m}^3$ (400BTU/ft³) and a thermal efficiency of about 45%. The Cummins 300kw Gas Generator has a minimum rating of 75, and its dimensions vary depending on the application. It is equipped with an air or water-cooled cooling system.

This natural gas generator is well-suited for many applications, such as power plants, hospitals, and factories. It is a reliable and efficient source of power, and it can also provide backup power in case of an emergency. The Cummins generator set is easy to install and maintain, and provides a cost-effective solution for your power needs.

The Cummins Gas Generator is a reliable and efficient generator set that can provide reliable power without compromising on quality. It is a great choice for any application, and can provide a cost-effective solution for your power needs.

Technical Parameters:

Parameters	Specifications
Dimensions	Varies
LHV	$\geq 15\text{MJ/m}^3$ (400BTU/ft ³)
Fuel Type	Natural Gas/Biogas
Thermal Efficiency	About 45%
MN	≥ 75
Power Output	300kW-1000kW
Nox Emission	500mg NOx
Cooling System	2 Pump 2 Loop
Control System	Automatic
Warranty	1 Year

Company Profile:

Guangdong Minlong Mechanical and Electrical Equipment Co., Ltd. was established in 1995. Its headquarters is located in Foshan, Guangdong, the world power generating unit manufacturing base in the Pearl River Delta, which is the most developed in China. There are many branches and agencies in China.

Packing and Shipping:

Packaging and Shipping for Natural Gas Generator:

The product must be carefully packaged in order to prevent damage during shipping.

For shipping, the product should be placed in a container that is made of durable materials and is able to withstand rough handling.

The container should be filled with packing material such as bubble wrap or foam to protect the product from shock and vibration.

The container should be clearly labeled with the appropriate shipping information, including the name of the shipper, the destination address, and the contents.

The container should be securely sealed with tape to prevent tampering or accidental opening.

FAQ:

Q: What is the brand name of this natural gas generator?

A: The brand name of this natural gas generator is Baudouin.

Q: Where is this natural gas generator made?

A: This natural gas generator is made in China.

Q: What certifications does this natural gas generator have?

A: This natural gas generator has ISO9001, ISO14001, and CE certifications.

Q: What is the minimum order quantity?

A: The minimum order quantity is 1 set.

Q: How long is the delivery time?

A: The delivery time is about 30-50 days.
